welcome to the world of
CARPENTO

ABOUT US

At Carpento Caravan, we believe that every journey should feel like home while inspiring adventure. Combining innovative design with expert craftsmanship, we create lightweight, stylish, and durable caravans built to enhance your travel experience. Our team blends modern engineering with a passion for the open road, ensuring each caravan offers comfort, functionality, and a touch of elegance. Whether you're exploring hidden coastlines or traversing mountain trails, Carpento Caravan is your trusted companion—crafted for wanderers, designed for memories.

SAFETY FIRST

At Carpento Caravan, your safety is our top priority. Built on a robust AL-KO chassis, the caravan delivers exceptional stability, durability, and road handling. Known for its precision engineering, AL-KO technology ensures that every journey is not only comfortable but also secure—giving you peace of mind wherever the road may lead.

REDUCED FUEL CONSUMPTION

Carpento Caravan is designed to take you further while using less fuel. Its aerodynamic shape cuts through the air with minimal resistance, while the lightweight construction reduces the load on your vehicle. Together, these features ensure smoother towing, improved efficiency, and lower fuel costs—so you can enjoy more miles, more adventures, and less impact on your budget.

EAST TO TOW

Carpento Caravan's lightweight structure and compact design make it easy to move by hand when needed. Whether positioning it in a tight campsite, adjusting its angle for the perfect view, or maneuvering in storage, you can handle it with minimal effort. Its well-balanced chassis and ergonomic handles ensure smooth, controlled movement—giving you complete freedom to place it exactly where you want.

LIGHTWEIGHT AND COMPACT BODY

BEST CHOICE FOR SMALL AND ELECTRIC VEHICLES

Engineered for being the lightest caravan, **CARPENTO** offers
Electric and small vehicle owners a chance to enjoy caravan
trips with ease.

WIDER HORIZONS

PANORAMIC EXPERIENCE: INSIDE AND OUT

Step into a world of limitless space and visual pleasure with Carpentio's signature panoramic windows.

270° PANORAMIC VIEW

Carpento Caravan offers an impressive 270° panoramic view, allowing you to immerse yourself in nature from every angle. With wide side and rear windows, you can enjoy uninterrupted scenery—whether you're parked by the sea, in the mountains, or deep in the forest. From sunrise to sunset, your view remains open, bright, and as breathtaking as a postcard.

BIGGER ON THE INSIDE

Step inside the Carpento Caravan and be amazed at how spacious it feels. Smart interior design and clever use of every inch create a surprisingly open and comfortable living space. From the optimized storage solutions to the well-planned layout, everything is designed to make you feel like you have more room than you ever imagined—without increasing the size of the caravan itself.

LIGHT-FILLED LIVING

Designed to capture every ray of sunshine, Carpento Caravan's airy interior feels bright and uplifting from dawn till dusk. Large windows and an open layout let natural light flow freely, creating a warm, welcoming atmosphere that keeps you connected to the outdoors—without ever stepping outside.

Turn nature into your ever changing background...

MODULAR DESIGN

Carpento Caravan offers a choice of interior layouts to match your lifestyle. Whether you want a spacious lounge, extra sleeping capacity, or enhanced storage solutions, each design is crafted for maximum comfort and functionality. This flexibility ensures that your living space feels perfectly suited to the way you travel.

HAND-MADE CRAFTSMANSHIP

Every Carpento Caravan is finished with hand-made details that bring a personal touch to your travels. Skilled craftsmanship ensures each element—from furniture assembly to fine finishes—is created with care, precision, and pride. This artisanal approach not only enhances durability but also gives your caravan a unique character that mass production can't replicate.

ATTENTION TO THE DETAILS

Every element of the Carpento Caravan is thoughtfully considered, from the stitching on the upholstery to the smooth finish of the wooden surfaces. Subtle design touches, high-quality materials, and precise craftsmanship come together to create a space that feels refined, comfortable, and truly special—because in the end, it's the small details that make the biggest difference.

As a master passionately shapes his creations, we have meticulously designed Carpento in harmony with nature...

The image shows the interior of a modern wooden cabin. A large window with blue curtains is the focal point, offering a view of a lush green forest. In the foreground, a wooden table is set with a bowl of fruit (apples, grapes, and oranges), a bottle of orange juice, and two mugs. A green cushion is visible on the right side of the frame. The cabin's interior is made of light-colored wood, and the ceiling is curved. The overall atmosphere is warm and inviting, emphasizing a connection with nature.

A CARPENTER'S TOUCH

NATURE INSPIRED INTERIOR DESIGN

With the spirit of craftsmanship, Carpento invites you to a paradise of natural beauty. Our fine artistry is captured in every wooden element that adorns the interior.

310
